

Allegro II

Panel Convector Heater

Equip your projects with space-saving efficiency with the Convectair Allegro II. This natural convection heater is offered in various wattages and profiles for customized heating needs.

COLOR

- Standard: white

FINISH

- Epoxy/polyester anti-rust powder coating resistant to UV rays

VOLTAGE

- 240/208V, 60 Hz, 1-phase

CONSTRUCTION 1

- Steel cabinet featuring rounded corners and grilles that prevent access to the heating element
- Double opening front air outlet that directs warm air towards the centre of the room
- High-limit temperature control with automatic reset

HEATING ELEMENT 2

- X-shaped, monoblock element made of surface-treated extruded aluminum

CONTROL 3

- Built-in electronic proportional-action digital thermostat, ultra-precise to 1/10 °C (1/5 °F), located at the top of the unit
- LCD backlit display with digital controls lockable by key combination
- Temperature display format (°C or °F)
- "On-Off" button
- "Mode" button to choose from Comfort, Economy and Frost Protection modes
- Heating indicator light

INSTALLATIONS

- Quick surface-mounted installation, with the included wall mounting bracket, that also serves as marking template
- Flexible cable with electrical wall box cover plate included
- Requires installation of a wall electrical box (not supplied)

WARRANTY

- 5-year warranty on the heating element
- 2-year warranty on parts and defects

APPLICATION

Kitchen, living room, family room, bedroom, bay window

It is recommended that all units be installed by a licensed electrical contractor in accordance with national and local codes. Consult convectair.ca to find installation instructions for our heaters.
