

12V Mini Wall Wash

Three great finishes, one exceptional drop-in design.

The 12V Mini Wall Wash fixture adapts to a wide range of applications, allowing for discrete installation in more places. This small profile fixture is ideal for drop-in LED flood or wash applications and is now available in Textured Architectural Bronze, Textured Black and Centennial Brass. Perfect for extra-wide beam angles, the 12V Mini Wall Wash includes a thick cast construction, interchangeable lens system, reflector, and fully adjustable knuckle.
